PROJECTS

IMDB MOVIEAPP | REACTJS, CSS, REACT-ROUTER

[Live]

- Built a web application using **React** and **CSS** that mimics IMDb's functionality.
- Integrated **React Router** to streamline app navigation and ensure optimal user experience
- Demonstrated proficiency in React, CSS, React Router, and API integration by utilizing the **Tmdb API** to fetch data on movies and TV shows.

E-COMMERCE WEBSITE | REACTJS, NODEJS, EXPRESSJS, BOOTSTRAP

[GitHub]

- Developed an e-commerce website using **ReactJS** for the front end and **NodeJS** and **ExpressJS** for the back end.
- Integrated the **Stripe payment** gateway to the website for secure payment processing.
- Implemented **Bootstrap5** for modern and **responsive** website design.
- Improved shopping experience with **Add to Cart**, **Remove from Cart**, and Product Quantity functions for easy selection and modification of purchased items.

USABILITY HUB | HTML, CSS, RESPONSIVE DESIGN

[GitHub] [Live]

- Created a responsive website using **HTML** and **CSS**, similar to Usability Hub, to provide an optimal user experience across various devices and screen sizes.
- Designed and developed the website layout and visual elements, ensuring a clean and **modern design**..

COURSES /CERTIFICATES

1. Completed a comprehensive program covering HTML, CSS, JavaScript, and responsive web design, gaining expertise in front-end development and user experience design through. **META**[2023]
2. Completed a JavaScript course and gained a strong understanding of JavaScript concepts through **Scaler Academy**
3. Completed Responsive Web Design certification from **Freecodecamp**
