Objective

"I am a self-motivated, self-taught, and inspired individual seeking opportunities in the field of web development. With a strong understanding of front-end technologies, I am eager to apply my knowledge and skills to create engaging and dynamic web experiences."

Education

Pes Institute Of Technology And Managment

Electronics And Communication Engineering — 6 cgpa

Dec. 2017 – Aug 2022

Shimogha, Karnataka

Technical Skills

Languages: HTML, CSS, JavaScript

Frameworks: ReactJS, Nextjs, Nodejs, Expressjs, Bootstrap 5

Tools: VS Code, Git, Github, Figma

Hands On: MongoDB, Netlify

Projects

IMDB MovieApp | *Reactjs, Css, React-router*

[Live]

- IMDb Clone is a web application built using React and CSS.
- **React Router** was used for easy navigation between pages.
- The app demonstrates proficiency in React, CSS, React Router, and API integration. The Tmdb API was utilized to fetch data on movies and TV shows.

E-commerce Website | *ReactJs, NodeJs, ExpressJs, React-router, Bootstrap*

[github]

- Developed an e-commerce website using **React JS** for the frontend and **ExpressJS** and **NodeJS** for the backend.
- Integrated **Stripe payment** gateway to the website for secure payment processing.
- Implemented **Bootstrap5** for the styling of the website, ensuring a modern and **responsive design**.
- Added functionality for "**Add to Cart**," "**Remove from Cart**," and "**Product Quantity**," allowing customers to easily select and adjust their purchases.
- Utilized **React Router** to provide a smooth and seamless user experience when navigating between pages.

Usability Hub | *Html, Css, Responsive Design*

[github] [Live]

- Created a responsive website using **HTML** and **CSS**, similar to Usability Hub, to provide an optimal user experience across various devices and screen sizes.
- Designed and developed the website layout and visual elements, ensuring a clean and **modern design**.

Portfolio | *Html, Css, Javascript*

[github] [Live]

- Developed a responsive portfolio website using **HTML**, **CSS**, and **JavaScript** to showcase my skills and projects.
- Designed the layout and visual elements of the website, ensuring a clean and modern design.
- Regularly updated the website to ensure that it stays current with my latest projects and skills.

Certifications

- Completed a comprehensive program covering HTML, CSS, JavaScript, and responsive web design, gaining expertise in frontend development and user experience design. **by META[2023]**
- Learned Javascript and advance concepts throughout this program, I was able to gain a strong understanding of JavaScript concepts by **Scaler Academy**
- Completed Responsive Web Design certification from **Freecodecamp**

Extracurricular Activities

- "Participated in the college expo held in 2022, this experience helped me develop leadership skills and provided me with a deeper understanding of current and emerging technologies
- Published a research paper 'An Intelligent Crop Price Prediction Using Machine Learning Algorithm' in the GIS Science Journal, Volume 9, Issue 6, 2022
